Single Bout Format Competition – A WAKO CANADA approved competition in which single bouts are pre-arranged between two athletes per match with similar parameters (age, weight, experience).

Approved equipment - Safety equipment that meets approved WAKO CANADA standards to ensure safety of both participants.

Amateur Athlete - All athletes that have not competed for ‘prize money’ for their participation in any combat sport including but not limited to – boxing, mixed martial arts (MMA), grappling, no holds barred, ju jitsu, toughman contests, or any martial arts events.

A. Introduction

1. Overview of Owner/Operator Reporting Responsibilities

Congratulations on your Club Membership to the WAKO Canada! The following pages will be your guide for membership guidelines and requirements. Please read the entire document carefully as the owner/operator of each member club is responsible for all requirements on behalf of the club. Please note that membership and insurance coverage is processed by the Council of Amateur Sport Kickboxing, the administration wing of WAKO Canada.

Listed below is a chart that summarizes the membership steps of each club owner. The following pages will outline each of these areas in more detail.

**Steps 1 – Owner/Operator and Instructor/Coach Registration**

Register all coaches and instructors at your club – this includes the Owner/Operator. The only persons covered under the WAKO CANADA insurance policy are those registered with the organization. Registering the Club does not automatically insure the owner/operator or coaches – they must also complete the WAKO CANADA Membership form.

*Please note – new clubs are granted their initial membership year to complete these requirements.*

**Step 2 – Current Club Participants:**

Register all current members of your club (recreational and competitive) with WAKO CANADA using the WAKO CANADA Individual Membership form. Submit forms and payments to the WAKO CANADA Office. You only have insurance coverage for the members you register.

**Step 3 - New Club Participants:**

Register all new members of your club (recreational and competitive) immediately upon joining your club. Submit registration forms with fees for new members immediately to ensure insurance coverage.

**Step 4 – Instructor/Coach Requirements**

Police Screen – Submit photocopy of all current results to office (must be done every 3 years). All police screens must have a vulnerability sector search. You can use the WAKO CANADA letter to assist in obtaining a police screen check using appropriate form for each new coach/instructor.

Send photocopy of result to WAKO CANADA office.

Coaching Certification –All coaches/instructors are required to have completed a Level I Coaching course

Register all non-certified coaches/instructors for Level I Coaches certification

First Aid Certification – submit photocopy of current certificate (emergency first aid or standard first aid) to WAKO CANADA office (every 3 years)

*Note– Insurance coverage is only provided when the registration is processed by the National Office.*

## B. Club Membership

A '**Member Club**' is a legally registered entity with named owner/operator(s) that involves a group of participants that follow a program of kickboxing and/or martial arts skills development under a qualified instructor(s) or coach(es). The kickboxing program may be a component of a martial arts curriculum, boxing curriculum, or fitness curriculum.

Clubs wishing to become Club Members must fulfill following requirements:

1. Training Facility - The training facility must meet all municipal safety standards (eg. building codes, fire and safety requirements) and be safe with adequate space for instruction.
2. Equipment – All equipment must be clean and in good working order.
3. Medical kit - All clubs must have a fully stocked first aid kit with the contents having been recommended by an emergency responder organization or equivalent. A recommended Medical Kit is provided in the Appendix.

Clubs applying for WAKO CANADA Club Membership must complete the Registration form and paid their annual fee for the current membership year. The membership begins from the date the membership is processed until December 31<sup>st</sup> of the membership year.

WAKO CANADA Membership Clubs are to complete the following:

1. Certification - All head coaches/instructors are required to have completed a minimum of Level I of the CKA/WAKO CANADA Coaching Course. ***This is a mandatory requirement in the first year of membership.***
2. Police Screening - All head coaches/instructors/volunteer leaders in the club must have a police check inclusive of a vulnerability sector search completed every three years.
3. First Aid - All head coaches/instructors are required to have a certification in a basic first aid course (standard first aid or emergency first aid) that is valid for the membership year.

New Club Members will be given the time of their membership period (up to 12 months) to complete the above three requirements. However, to be eligible to enter participants in WAKO CANADA approved competitive events the above three requirements are mandatory as per the policies of WAKO CANADA and the appropriate provincial/territorial body.

## C. Individual Membership

Individual membership is defined in the following categories:

***Competitive Member, Recreational Member, Coach, Official***

1. Sparring Member - is defined as a participant who:

## F. Health and Safety

It is the responsibility of all members of WAKO CANADA to be familiar with the Rules and Regulations of amateur kickboxing and engage within these rules and regulations. This requirement is the first step in fostering an environment of safety for all participants.

The following are specific areas the owner/operator of a WAKO CANADA registered club are required to fulfill as part of their commitment to a safety focused club.

### 1. First Aid Kit

Every WAKO CANADA member club is required to have a stocked medical kit. For the content of a kit referee to a recognized first aid provider (eg. Red Cross) or refer to the suggested list contained in the Appendix.

### 2. Emergency Action Plan (EAP)

Emergency situations can arise at any time during training or athletic events. Expedient action must be taken in order to provide the best possible care to participants in emergency or life-threatening situations. An EAP simply acts to prevent injuries and provide emergency first aid.

WAKO CANADA member clubs have a duty to develop and implement a E.A.P. to provide appropriate standards of safety for their participants.

#### EAP Requirements

- ❑ Have a fully stocked **First Aid Kit** visible to all instructors/coaches
- ❑ Have an **Emergency List** posted visibly by the phone. Include: list of emergency phone numbers, address and directions of club, and other relevant information
- ❑ Ensure that instructors/coaches are certified in **Emergency First aid**.
- ❑ Keep all incidents recorded in your Club Incident binder
- ❑ During all training or class time always have three **Designated Persons Responsible** for any incidents:

**Charge Person – Responsible person who activates EAP and takes leadership**  
**Call Person – Person who phones/contacts emergency persons (eg. ambulance)**  
**Control Person - Person who controls the crowd or by-standers (eg. Students)**

This plan is easy to set up. Simply brief your instructors/coaches/assistant instructors/office staff of the EAP. For each class or training time assign three persons to carry out these roles in case of an emergency.

### 3. First Aid Training

It is essential that all coaches have first aid training (standard first aid or emergency first aid) and certification. The Level I WAKO CANADA Coaching course includes a Sports Injury Management module.

### 4. Sparring injuries

All sparring must be supervised by a WAKO CANADA certified Level I coach. The athletes must be at the appropriate level of experience to engage in any form of sparring.

During open sparring the WAKO CANADA rules and regulations for competition safety apply. If a participant suffers an injury they must adhere to the regulations in the WAKO CANADA document.

#### Knock out (KO)

Should an athlete suffer a knockdown and lose consciousness for any length of time the EAP must be activated. The athlete should be transported to an Emergency department of the nearest hospital and examined by the medical staff. The protocols for a KO must apply which includes a 60-day period of no sparring and no competition. A caregiver for the athlete must be given the WAKO CANADA Head Injury Protocol form.

#### Knockdown

Any athlete that is knocked down during a sparring session should be provided a rest period. If the coach feels that they have recuperated and shows no signs of neurological deficiency or other injury they can engage in the sparring again.

If an athlete is knocked down twice during the same sparring session the sparring should be terminated. The athlete should be treated like they have been knocked down three times in a competition. The protocols for an RSC (injury) must apply which includes a 30 days period of no open sparring and no competition. The coach should recommend that the athlete see a medical doctor for follow up as soon as possible. A caregiver for the athlete must be given the WAKO CANADA Head Injury Protocol form.

#### Standing 8 count

Should an athlete receive a legal technique on a legal target area that would result in a standing 8 count in competition, the athlete should be provided a rest period. If the coach feels that they have recuperated and shows no signs of neurological deficiency or other injury they can engage in sparring again.

If the athlete receives another legal technique on a legal target area that would result in a standing 8 count in competition the coach must terminate the open sparring session and follow the protocol of an injured athlete.

## 5. Safety

It is the responsibility of coaches to ensure that participants and athletes are healthy and safe to participate in training. Should a participant or athlete be injured in training or outside of the club the club owner is responsible for the following:

- a. Determining the health status of the individual
- b. Recommending the individual is examined by an appropriate medical personal.
- c. Ensuring that an athlete does not resume training until approved by a physician.
- d. Keeping a copy of medical documentation at the club for security.

## 6. Return to Play

It is the responsibility of the Coach to ensure that any return to play protocols are determined by a physician licensed in the jurisdiction. The club owner is responsible to:

- a. Obtain a Return to Play protocol prescribed by the physician involved.
- b. Ensure that the participant and athlete are following instructions while at the club.
- c. Ensuring that all coaches and instructors are aware of the return to play protocols.

## 7. Consultation

Clubs are highly recommended to have a local physician with experience in sport medicine to be affiliated with the club. While all participants and athletes should have their own family physician – a club connected with a sport physician is an important resource for consultations, oversight of athletes, and potential treatment options.
